## M.S.Bidve Engineering College,

Latur. 413512 Maharashtra

---

### Annual Report 2020-21

M.S. Bidve Engineering college is committed to providing holistic development for its students. Academic processes are streamlined, with timetables, workloads and other supporting administrative tasks prepared well in advance of teaching session.

The college employs technologically enabled infrastructure for everyone, with special infrastructural assistance for our students with disabilities, which makes it possible for all our students to engage in an appropriate teaching learning process.

Experiential learning for the students through internships, projects, and field trips is specifically facilitated.

The Principal also conducts meetings with the Teacher-in-charge(s), faculty from individual Departments, and entire Staff including non-teaching to ensure smooth implementation of the activities as scheduled.

Faculty makes use of ICT tools in education to support, enhance and optimize the delivery of education.

- **Workshops/Seminars :**

During the year following workshops/seminars are conducted.

<b>Title of Workshop/Seminar</b>	<b>Name of the Dept.</b>	<b>Date(s)</b>
Career opportunities in Civil design field	Civil Engineering	9/4/2020
stadpro design software	Civil Engineering	4/3/2021
Webinar on "Making career in Networking and Cloud computing"	Computer Science& Engineering	6/21/2020
Webinar on "Preparing for Campus Placement"	Computer Science& Engineering	6/28/2021
Seminar on latest technologies in Electrical Industrial Design	Electrical(Electrical and Power ) Engineering	11/18/2020
Seminar on trend in Electrical Power System	Electrical(Electrical and Power ) Engineering	12/1/2021
Webinar on various resources/Platforms for conducting online clases	Electronics Engineering	20-06-2021 TO 23-06-2021
Machine learning application and future scope	Electronics Engineering	2/2/2021
VLSI design and future scope	Electronics Engineering	5/29/2021
Recent Trends in VLSI and future scope	Electronics Engineering	7/24/2021
E- Tendering information for Civil engineering students	Civil Engineering	8/14/2021
Civil Field training Workshop	Civil Engineering	3/8/2020

- **Publications :**

To develop and maintain the research attitude, institute always encourages the faculty members.

Following research papers are published during this year.

We, at the institute implemented **"Teacher Guardian Scheme"**. The Objectives of the same are;

- Motivate the students for better Academic Performance
- Motivate the students for Professional Excellence and Higher Studies and Research.
- To solve all types of problems faced by the student.

In this we have one to one interaction with students for a batch of about 20-22 students to keep the trail of every student's day-to-day activity and other related information of students.

**"Student Counseling Cell"** is operative at our campus. As we know that, in new environment and making new friends sometimes induce anxiety to the students and may create stress. For the same purpose professional counsellor is appointed by the college. It helps in providing guidance to the students on various options available in the course of their study. To identify students' abilities, motivate them and to help the students to solve their problems is the objective.
