Dear Sir/Madam:

This has reference to your nomination for the three-day Management Development Programme on **Building and Managing Technical Educational Institution: A Brand in Digital Era** for the Faculty members of DBATU associated Engineering Colleges scheduled during January 2-4, 2020. On behalf of IIM Lucknow, we welcome you to attend the programme as a residential participant. The programme would begin on January 2, 2020, at 9:30 a.m. at Manthan – our Management Development Programme Centre -- and would conclude on January 4, 2020, at around 6:30 p.m.

IIM Lucknow campus is located on the Hardoi-Sitapur by-Pass Road about 19 KMs away from Lucknow Railway Station and about 30 KMs from Lucknow Airport. Pre-paid taxis are available at the Railway Station as well as at the Airport for approximately Rs.350/- and Rs.550/- respectively. Pre-paid auto-rickshaws are also available at the railway station for approx. Rs.200/-. Though the taxi people are aware of the location, yet for convenience, we are enclosing herewith a guide map for reaching the campus.

On arrival at the campus, you are requested to report at the Executive Enclave (Aryabhata/Chanakya or Patanjali) depending on the availability of the infrastructure facilities. We have made your stay arrangement on a single occupancy basis therein. You can check in a day before or check out a day after the programme. As per the Institute guidelines; other persons (including the spouse) is not allowed to stay with the participants.

The Institute has a recreational facility complex (Umang). It has a Sauna, Jacuzzi bath, Gymnasium, Squash Court, Billiards Court, and a Swimming Pool. For using the Gymnasium and Squash court, the participants would be required to put on the non-marking sports shoes. For using the Swimming Pool, one should have a swimming costume. The Institute has a Laundry managed by the contractor. The participants can use this facility by making the pre-decided charges.

In the case of any support, you may please get in touch with our office over the phone (0522) –6696284/6696285/6696288 (9.00 a.m. to 5.30 p.m. during weekdays) or 6696200/6696800 (Guest House) after office hours and weekends.

We look forward to having you with us during the programme.

धन्यवाद एवं सादर

Thanks and Regards

A three day training course on "COMMUNICATIONS and ICT" for Faculty members is designed and will be offered in **on line** mode. Industry and other experts from different areas shall conduct sessions during this course. It covers verbal as well as written communications plus use of ICT in modern education.

**Eligibility:** Faculty members from all disciplines, from engineering colleges affiliated to DBATU.

**About the University**

Dr. Babashaeb Ambedkar Technological University is a statutory Maharashtra State Technical University. The University has been accorded the status of an affiliating University of the entire state of Maharashtra from March 2, 2016 by the Maharashtra Act No. XXIX of 2014.

Situated in the vicinity of the famous Raigad fort and surrounded by the hills of Sahyadri range, the 470 terrain of the University campus has all the natural beauty of Konkan. The University is located on Mumbai Goa National Highway No. 66. It is 150 km south of Mumbai, 20 Km north of Mahad and 120 km from Pune. It is well connected by Konkan railway and nearest railway station is Mangoan which is 10 km from University campus.

**Registration**

Participant should register on the following link. The registration link is open till 4<sup>th</sup> May 2020. Participants will be selected on a **First Come First Served Basis**. Limited seats are available for the said workshop. **E-Certificate will be provided after successfully completed the workshop.**

**Subject: Invitation to depute faculty members to attend 3 days Faculty Development Program (FDP) for Student Induction Program - UHV component for AICTE approved institutions.**

Dear Sir/ Madam,

AICTE in its 49<sup>th</sup> meeting of the Council held on 14<sup>th</sup> March, 2017 approved a package of measures for improving quality of technical education in the country wherein it was decided that *every student, on admission, shall be put through a mandatory Induction program to reinforce the fundamental concepts and the required language skills required for the technical education.*

Accordingly, a three-week mandatory Induction Program for students has been designed by Prof. Rajeev Sangal, Formar Director, IIT(BHU) and his team, to be offered right at the commencement of the first year and classes will begin after this induction program. Its purpose is to make the students feel comfortable in their new environment, set a healthy daily routine, create bonding in the batch as well as between faculty and students. The induction program is now a part of the model curriculum of Undergraduate Studies in Engineering & Technology launched by **Shri Prakash Javadekar Ji**, Hon'ble Minister of HRD during a conference on 'Quality Initiatives in Technical Education' on 24<sup>th</sup> January, 2018 at AICTE, New Delhi and available on AICTE website. It has already been requested to all universities/ institutions to adopt the model curriculum from the academic session 2018-19.

As the Induction Program is made mandatory for every student, it is of utmost importance that the faculty members/ teachers are equipped and refreshed to conduct the induction program for students specially 2.3 component of **Universal Human Value** as part of induction program content. Therefore, 3 days **Faculty Development Program for Student Induction Program for Universal Human Value for AICTE approved institutions** is organized by AICTE as per the following details:

Date	17/06/2019 To 19/06/2019
Time	9.00AM To 5.00PM
Venue	SHARAD INSTITUTE OF TECHNOLOGY COLLEGE OF ENGINEERING, YADRAV (ICHALKARNJI), DIST. KOLHAPUR- 416121

... 2/-

:~2~:

AICTE invites nomination of your faculty members (Minimum 5 faculty members of each institute) to attend this FDP, so that they are able to conduct mandatory student induction at your institute. It is must the attendee who is attending 3days FDP should attend the 7 day FDP too. These trained faculty members after successful completion of two FDPs for Universal Human Value(UHV) component of Student Induction Program. (One 3-day FDP- UHV followed by 7-day FDP- UHV) may further involve other faculty of the institute and provide training for them. These faculty members will be member of Institute Induction Program Cell (IIPC). The IIPC will be responsible for actively and successful implementation of three-weeks mandatory student induction program and UHV component. The interested institution will intimate for the FDP at the email-id of the local organizer and the participation will be subject to confirmation from AICTE/ State Academic coordinator/ local organizer.

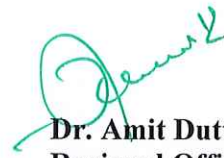

The following points are also to be noted:

1. The travel cost of participants attending the workshop will be borne by the concerned institution itself.
2. The cost of food (morning tea & biscuits, working lunch and dinner) during the workshop to be borne by Regional Office of AICTE.
3. The stay in guest house/ hostels for the participants should preferably be near to the venue of the workshop and the entitlement for reimbursement for accommodation will be to a maximum limit of Rs. 800/- per night (for 3 nights) as per the workshop.

Regarding accommodation or any other assistance, if required, the Local Organizer mentioned below may please be contacted:

Dear Sir/Madam,

**Greetings from Bheemanna Khandre Institute of Technology, Bhalki**

The Department of Civil Engineering is organizing a **"Virtual Faculty Development Program on ADVANCES IN GEOTECHNICAL ENGINEERING"** from 15th July 2020 to 20th July 2020, for the benefit of prospective faculty members, research scholars of civil Engineering, Students, Industry Personals.

Online Platform is Google Meet

Registration Link : <https://forms.gle/YY9mBSW5kQmvFs7N8>

(Registration is going closed very soon).

It is a **LIVE EVENT**.

Follow this link to join Virtual **"FDP on AIGE BKIT Bhalki"**

WhatsApp group: <https://chat.whatsapp.com/BZf9AGrYt2T33FqPZJLIWk>

Joining link will be a shared registered mail ID before 30 minutes of the start of FIRST session only.REMAINING WILL BE SHARED 10 MIN BEFORE.

Warm Regards,

## About RAIT

Ramrao Adik Institute of Technology (RAIT), established in 1983, is one of the oldest and premier institutes of Navi Mumbai. Located in the lush green campus of D. Y. Patil Deemed to be University, RAIT provides state-of-the-art amenities combined with the experienced teachers and amicable environment. The institute works on the philosophy of all-round development of students by organizing various student-centric activities which provide students with umpteen learning opportunities.

RAIT offers undergraduate and postgraduate courses in Electronics Engineering, Electronics and Telecommunication Engineering, Instrumentation Engineering, Information Technology, and Computer Engineering. It also offers PhD in Electronics, Computer, Instrumentation Engineering and Electronics & Telecommunication Engineering. It is accredited by NAAC with "A" grade in 2016 for 5 years and holds 172<sup>nd</sup> position in NIRF-2019. for 3 years.

## About DEPARTMENT

Department of Instrumentation Engineering has started in 1998 and is the most sought after for the study of Instrumentation Engineering. Department offers 02 courses at UG Level as B. Tech in Instrumentation Engineering and B.Tech. in Instrumentation Engineering with specialization in IoT and at PG level as M.Tech in Instrumentation Engineering. Department is also recognized as the only Ph.D. research center under the University of Mumbai for a Ph.D. in Instrumentation Engineering. We have been at the forefront of imparting quality education to students.

The department is having well-qualified faculties with PG and Doctorate qualifications from IITs, NITs, and reputed government institutes. Department laboratories are well equipped with state of the art equipment to meet the requirements of the curriculum and the industry. Advanced software and industry-grade equipment are available to make the practical learning of the concepts more interesting and effective.

The Industry standard Process and DCS Lab is being set in collaboration with Forbes Marshall, Pune and Yokogawa India Ltd. The computational lab is having the latest version of software tools like MATLAB and LabVIEW and NI- hardware.

## About STTP

This STTP is intended to understand the Internet of Things (IoT) and exploring its applications in industry. IoT is about doing more with the data from the "things" found in industries like manufacturing, healthcare, energy, retail, home, and commercial buildings, and so on. Industry 4.0 concerns the transformation of industrial processes through the integration of modern technologies such as sensors, communication, and computational processing. Technologies such as Cyber-Physical Systems (CPS), Cloud Computing, ML, and Data Analytics are considered to be the different drivers necessary for the transformation. Industrial Internet of Things (IIoT) is an application of IoT in industries to modify the various existing industrial systems.

The STTP will involve online expert lectures and rigorous hands-on/demonstration sessions that will provide a systematic approach to the use of concepts of Internet of Things (IoT) for teaching, research and development.

## About B&R AUTOMATION

B&R is a leading provider of innovative automation solutions for demanding applications. Headquartered in Austria, with more than 35 years of experience, we operate out of over 200 offices. On July 6, 2017, B&R became a business unit of the ABB Group. With the motto of "Perfection in Automation," we are exceeding our customers' expectations. With our products such as PLCs, HMIs, motion technologies, Industrial PCs, and DCS, we are providing complete solutions in the machine, factory, and process automation. More than 4000 global OEMs virtually from every industry trust in B&R.

## Resource PERSONS

Eminent IoT Experts from IITs, NITs, R&D Institutions and Industries such as B & R Automation Pvt Ltd Pune, NPCIL, IBM India Pvt Ltd, TCS, Emerson life, Mahindra & Mahindra Ltd, Siemens India Pvt Ltd, Stellapps Technologies.

## Topics to be COVERED

- IoT Systems, Devices Protocols and Tools
- IoT Data Analytics
- Machine Learning and Deep Learning
- Industry 4.0
- Cyber Physical Systems
- IoT (Building Automation)
- Industrial IoT
- Cloud Computing
- IoT applications in:
  - Agriculture, Healthcare, Telemedicine, Pharmaceuticals, Energy Manufacturing, Automotive etc.

## Participants INSTRUCTIONS

1. STTP timing are divided into two slots-  
Session1: 10.00 AM to 12.00 Noon  
Session2: 02.00 PM to 05.00 PM
2. Participant should have good internet bandwidth for live streaming of session.
3. The instruction regarding online platform will be conveyed later to registered participants.
4. Last date of Registration is 04<sup>th</sup> June, 2020.
5. E-Certificates will be awarded to the participants who successfully complete the STTP.

**The STTP is FREE !!!**

## Walchand College of Engineering, Sangli

The Walchand College of Engineering Sangli (WCE) was established in 1947, is affiliated to Shivaji University, Kolhapur and approved by All India Council for Technical Education, New Delhi (AICTE). It is one of the oldest and premier engineering institutions in the state of Maharashtra. The campus is spread over 90-acres of land with beautiful surroundings. It has rich history and dedication to the pursuit of excellence and offers a unique learning experience across a spectrum of academic and social experiences. With a firm footing in truth and humanity, the institute provides its students with the understanding of both technical developments and the ethics that go with it. WCE offers undergraduate programs in 6 disciplines and post graduate programs in 10 specializations. WCE is an aided institute receiving partial grant-in-aid from Government. It is functioning as an Autonomous institute from academic year 2007-08 and offers B. Tech. and M. Tech. degrees under autonomous curriculum based on semester system and grading as followed in IITs. Post autonomy, the institute has carried out various reforms to improve the quality of education in the institute. About 2500 students are currently realizing their dreams of quality engineering education leading to Degree, Post Graduate and Diploma qualifications. The institute has a record of 100% placement of eligible students. The Institute has been granted a total funding of Rs. 8.54 crores under TEQIP phase-I in 2004, Rs. 12 crores under TEQIP phase-II and Rs. 7 crores under TEQIP phase-III.

## About the Department

Department of Electronics Engineering was established in 1986 to offer both graduate and post graduate programs. At present, it runs programs of Diploma (Industrial Electronics), B. Tech. (Electronics) and M. Tech. (Electronics). The department has various well-equipped laboratories in the area of Communication Engineering, Electronic Design and Automation, Power Electronics, VLSI/DSP, Instrumentation and Control Engineering etc. The department enjoys well-qualified and experienced faculty in full strength. It has been accredited by National Board of Accreditation. The department has received a total grant of about Rs. 3.59 crores from various government agencies like AICTE, DST, DRDO etc.

## About the Course

The students of Electronics and Electrical Engineering face difficulties in understanding fundamentals of the courses like Digital Signal Processing, Electromagnetic Engineering, Electrical/Electronic Circuits and Networks, Power Electronics and Power Systems. Most of the times students struggle in relating the theoretical concepts with practical applications and also unable to understand the course like Electromagnetics which requires imagination supported by mathematical expressions. This one week faculty development program will provide the pedagogical techniques in Electronics and Electrical Engineering. The experienced and eminent professors will share their experiences in teaching the fundamentals and basic concepts of Electronics and Electrical Engineering. This course will help the faculty members while teaching the fundamentals of Electronics and Electrical Engineering Courses

and can make learning interesting and enjoyable. This FDP will improve the quality of teaching and content delivery.

## Course Contents

Teaching and learning strategies of Electronics and Electrical Engineering courses: Signals and Systems, Digital Signal Processing, Image Processing, Circuits and Networks, Electromagnetic Engineering, Electronic Circuit Analysis and Design, Power Electronics and Power Systems.

### Unlock the power of AI/ML and big data

 **February 22, 2023**

We are excited to invite you to our upcoming virtual event, **AWS Innovate – Data and AI/ML Edition!** Join us to find out the latest developments in AI/ML technology and learn how you can easily add intelligence to your applications to make more accurate predictions, get deeper insights from your data, reduce operational overhead, and improve customer experience.

Harness the power of AI/ML and big data today!

**Register now**

#### Featured highlights:

Level up your technical skills

AI/ML and big data use cases

Build, train, and deploy ML models

Data infrastructure for ML workloads

Scale and secure your ML workloads

#### Register now and dive deeper into these topics with us:

- Latest announcements and innovations in AI/ML and big data

- Building a data-driven organization of tomorrow
- How to prepare data, build, train, and deploy ML models at scale
- Expert tips to automate and orchestrate high-quality ML workflows
- AI/ML security and operations best practices

**Learn more and register now**

We look forward to engage with you on **February 22, 2023**. Don't forget to prepare your questions and get them answered by AWS experts.

Dear Sir/Madam,

Invitation for Nomination of Faculty for AICTE ONLINE FDPs on Universal Human Values to prepare Faculty for incorporating human values in education as recommended in the AICTE Model Curriculum

- Faculty Mentors for 3-week Student Induction Program (SIP)
- Faculty for teaching UHV-I (a core part of the mandatory 3-week Student Induction Program (SIP))
- Faculty for teaching UHV-II (a mandatory 1-semester 3-credit course)

Each AICTE-approved college is expected to prepare the above mentioned faculty members

### **Faculty Mentors**

Minimum 1 faculty per 20 newly joined students must go through at least one **Introductory UHV FDP**. Faculty must be from each and every department.

### **Faculty for teaching UHV-I (a core part of the mandatory 3-week Student Induction Program (SIP))**

Minimum 1 faculty per 60 newly joined students must go through at least one **UHV-II FDP**. Faculty must be from each and every department.

### **Faculty for teaching UHV-II (a mandatory 1-semester 3-credit course)**

Minimum 1 faculty per 120 newly joined students must go through at least one **UHV-II FDP**. Participating in Weekly UHV Meetings and higher-level FDPs is highly desirable. Faculty must be from each and every department.

In this context, kindly:

1. Identify suitable faculty members from every department / branch / discipline for the above
2. Provide them duty leave to attend full-time

Please note: FDPs are full time 9:30 AM to 5:00 PM with polls, quizzes and daily assignments as well as a final test. AICTE will provide certificates to successful candidates only. The recommendation criteria include at least 90% attendance, responsiveness in polls, all quizzes, all assignments and at least 60% marks in the final test.
